

Science-Math-Master Summer Workshops

Two sessions at the University of Tampa:

June 16-19th, 2014

June 23-26th, 2014

Science-Math-Master (SM^2), a partnership between the Florida Department of Education and The University of Tampa, develops and delivers face-to-face sessions and an on-line system for teachers in Florida. SM^2 offers professional development workshops that emphasize content mastery and pedagogy in Biology and Geometry. The goal of the workshops is to provide teachers with resources that will ultimately increase student performance in biology and geometry so students have the tools to succeed in high school and beyond.

Join us at the University of Tampa to focus on:

Updated information for the 2014-2015 academic year

Concrete Common Core lessons and activities

Co-curricular lessons

Peer-to-Peer Idea Sharing

Geometry Session: 8 AM—4:30 PM
